Dear Residents and Family Members,

On Sunday July 25th, we were informed of a staff member at the Health Services Center (HSC) who tested positive for the COVID-19 virus. Residents who were cared for by the staff member will be in quarantine for 14 days for precautionary measures and family members have been notified.

At this time indoor visitations are *only* permitted for essential visits and for Spiritual Care Team members. Spiritual Care Team members (SCTM) will continue to test on a weekly basis for the COVID-19 virus. All essential visitors and SCTM will require to wear a face shield or goggles, N95 mask and will follow screening requirements as set forth by Centers for Disease Control and Prevention (CDC) and the Los Angeles County Public Health guidelines.

All residents at HSC in the green and yellow zone may continue with outdoor visitations. Per our Los Angeles County Department of Public Health nurse, all visitors visiting outside must wear a surgical mask at all times no matter their vaccination status due to the Los Angeles County COVID-19 positivity surge.

Please contact Vanessa Ramirez at (909) 399-5550 or vramirez@pilgrimplace.org, to schedule an appointment. To accommodate planned visitations we ask that you schedule your visit(s) at least 48 hours in advance.

If you are not feeling well or have been exposed to the COVID-19 virus, we highly recommend you cancel and reschedule your visitation, for the wellbeing of your loved one, our residents, and staff members.

If you have any questions please contact us at (909) 399-5550, email us at vramirez@pilgrimplace.org, or visit our website www.pilgrimplace.org for updates.

Stay safe and warm regards,

Pilgrim Place Health Services Center
